

SHAW
FAMILY DIRECTORY

Last updated 11th January 2019

The intention behind producing this Family Directory is to provide a long term record and to enable family members to keep in touch. I am sure that most family members would be very happy to meet others visiting their locality.

Although I hadn't thought about making the keeping of this Directory a lifelong task, it is on computer now and easy to update. Consequently, I will log any changes notified to me and print an updated copy when and if anyone asks.

Telephone numbers given exclude country codes. Some countries, like the UK, delete the first digit for use from overseas. For example, 01733 266153 used internally becomes 44 1733 266153 from overseas.

RELATIONSHIPS CHART

	1	2	3	4	5	6
A	COMMON ANCESTOR (eg Herbert Shaw)	child	grand child	great grand child	great great grand child	great great great grand child
B	child	sibling (brother or sister)	niece or nephew	grand niece or nephew	great grand niece or nephew	great great grand niece or nephew
C	grand child	niece or nephew	first cousin	first cousin once removed	first cousin twice removed	first cousin three times removed
D	great grand child	grand niece or nephew	first cousin once removed	second cousin	second cousin once removed	second cousin twice removed
E	great great grand child	great grand niece or nephew	first cousin twice removed	second cousin once removed	third cousin	third cousin once removed
F	great great grand child	great great grand niece or nephew	first cousin three times removed	second cousin twice removed	third cousin once removed	fourth cousin

The chart looks complicated, but is quite easy. It tells you the relationship between people who have a common ancestor. Place one person in Column 1 and the other in Row A, and see where they meet on the table.

For example, to find the relationship between Bob Shaw's (GRS) great grandson **Jed Franklin** and David Shaw's (EDS) granddaughter **Kathryn James**.

Jed can be placed in Column 1 on square E1. **Kathryn** can be placed in Row A at Column 4, on square A4.

The relationship between Jed and Kathryn falls where Row E and Column 4 meet, on square E4, so **Jed** and **Kathryn** are Second Cousins, Once Removed.

Any spouse or partner of either of them strictly wouldn't come on the chart as they have no blood relations or common ancestor. However, a spouse/partner or other non-blood relative (adopted child, etc) gets the relevant title on an honorary basis.
